

Indian Institute of Information Technology, Sonapat

An Institution of National Importance under MoE, Govt. of India

DEPARTMENT OF INFORMATION TECHNOLOGY PRESENTS

IT CONNECT

Department of Information Technology

"Innovating Today, Shaping Tomorrow"

From the Director's Desk

Prof. (Dr.) Manisha Sharma

Director, IIIT Sonepat

*It gives me immense pride and joy to introduce "**IT Connect**" — the inaugural newsletter of the Department of Information Technology at IIIT Sonepat. This milestone reflects our department's growing maturity, ambition, and commitment to excellence.*

Since its inception, the Department of IT has demonstrated remarkable progress across research, innovation, and holistic student development. Our faculty have published in leading journals such as IEEE Signal Processing Letters, Elsevier IoT, and Speech Communication, while simultaneously mentoring students who have gone on to win at international hackathons, secure prestigious internships at organisations like DRDO, and achieve a Global Rank 2 on CodeChef.

*I am especially delighted to note the organisation of **Hackzilla 2025** — our flagship national-level hackathon that drew over 1,100 participants — and the initiation of NCC at our institute. These initiatives embody the spirit of "Nation First" that IIIT Sonepat stands for.*

I congratulate every faculty member, student, and staff member whose contributions have made this newsletter — and this department — truly extraordinary.

— Prof. (Dr.) Manisha Sharma

"Education is not the filling of a pail, but the lighting of a fire."

From the Desk of Faculty Incharge

Dr. Mukesh Mann

Faculty Incharge, Department of IT | Assistant Professor (CSE)

Welcome to "IT Connect" — the very first newsletter of the Department of Information Technology at IIIT Sonapat. This edition captures the extraordinary journey of our department during the session 2025–2026.

As you turn these pages, you will discover a department that is not just teaching technology, but pushing the boundaries of what is possible. Our faculty have contributed 18+ research papers in prestigious journals and conferences, filed 5 patents, delivered keynote addresses across the nation, and served as session chairs at premier IEEE conferences. Our students have earned over ₹12.5 lakh in international hackathon prizes, achieved a Global Rank 2 on CodeChef, published in Q1 journals as undergraduate researchers, and secured internships at DRDO and leading IITs.

*The highlight of our year has been **Hackzilla 2025**, our national-level 24-hour hackathon that attracted 1,100+ participants. We also embarked on initiatives like NCC and Smart India Hackathon representation.*

*At IIIT Sonapat, we don't just keep pace — **we set the pace.***

— Dr. Mukesh Mann

About the Department

B.Tech in Information Technology

The Department of IT at IIIT Sonepat offers a **B.Tech (Information Technology)** program with **60 seats per year**, admitting through **JEE Mains / CSAB / DASA**. The program covers **Software Engineering, Artificial Intelligence, Cybersecurity, Data Science, Cloud Computing, and IoT**.

54

1st Year (2025–29)

47

2nd Year (2024–28)

45

3rd Year (2023–27)

51

4th Year (2022–26)

Total Student Strength: 197

Infrastructure & Facilities

The department features **modern workstations** in dedicated computing labs with **24×7 high-speed internet**. Spacious lab infrastructure supports project-based learning, collaborative coding, and research experimentation.

Research & Publications

Advancing the Frontiers of Knowledge

The Department of IT has had a prolific year in research, with faculty members collectively contributing **18+ papers** across indexed journals and top-tier conferences. The research portfolio spans AI-powered healthcare, speech signal processing, blockchain-driven supply chains, quantum computing, and wavelet analysis.

"Research is formalized curiosity. It is poking and prying with a purpose."

— Zora Neale Hurston

Journal Publications

#	TITLE	INDEXED IN
1	Unified Time–Frequency–Phase Analysis of Speech Using Quaternion Linear Canonical Transform	IEEE (Signal Processing Letters)
2	SWAST KHOJ: IoT-Driven Real-Time Health Monitoring System Prototype	Elsevier (Internet of Things)
3	Early Identification of Bulbar Motor Dysfunction in ALS	Elsevier (Speech Communication)
4	Spatiotemporal Trust Evaluation Using Neutrosophic Model Under Sensor Uncertainty	Springer (Discover Computing)
5	Robust Image Encryption Scheme Based on 6D Hyper-Chaos and DPA-Resistant S-box	IOP (Physica Scripta)
6	Fuzzy Topology with I-convergence	AIMS Press (AIMS Mathematics)

Conference Publications

#	TITLE	PUBLISHED IN

11	Optimizing Traffic Signal Control Using Reinforcement Learning	Springer (SoCTA 2024)

Book Chapters & Patents

TYPE	TITLE	PUBLISHER / STATUS
Book Chapter	Seamless Data Transmission through WBANs for Smart Healthcare	Bentham Science
Book Chapter	Security Challenges in Cloud-Based Watermarking	IGI Global
Patent	Modulated Signal-Based Model for Speech Classification	Granted (No. 573249)
Patent Filed	Integrated Wearable Device for Dementia Care	Filed, Dec 2025

TYPE	TITLE	PUBLISHER / STATUS
Patent Filed	Adaptive Temporal Alignment for EEG-fNIRS BCIs	Filed, Sep 2025
Patent Filed	Portable AI-Enabled Scanner for Electronic Components	Filed, Nov 2025
Patent Filed	Wearable Device for Parkinson's Disease Detection	Filed, Sep 2025

Awards, Keynotes & Conferences

🏆 **Dr. Mohan Bansal** — Best Poster Award at IEEE UPCON, IIT BHU (Dec 2025)

🏆 Mr. Ashish Arya (Doctoral student of **Dr. Mukesh Mann**) — Best Paper Award, IEEE ISED 2025, NIT Raipur

🗣️ **Dr. Mohan Bansal** — Keynote speeches at NIT Patna, NIT Sikkim, Gurukul Kangri

🗣️ **Dr. Mukesh Mann** — Lecture at ATAL FDP on Quantum Computing (Jain University)

🗣️ **Dr. Mukesh Mann** — Attended 2026 I-ATP Conference on "Building India's Future Together: The Next Frontier in Learning and Assessment"

👤 Session Chairs: Dr. Mohan Bansal (IATMSI-2026, IEEE UPCON-2025), Dr. Mukesh Mann (InCITe-2026)

🏛️ **Dr. Mohan Bansal** — Senior Member, IEEE

💰 **Dr. Mukesh Mann** — ₹50,000 Haryana NTD Grant-25 from DST Haryana

Nominations

Ex-Director, IIIT Sonepat nominated **Dr. Mukesh Mann** for a one-week *Nurturing Future Leadership Program* under the **Malaviya Mission Teacher Training** initiative at **Shiv Nadar University** (April 22–26, 2025).

"Success is not final, failure is not fatal — it is the courage to continue that counts."

— Winston Churchill

Editorial & Reviewer Contributions

Our faculty actively contribute to the global academic ecosystem through editorial roles and peer-review services for prestigious scientific journals.

Combined Journal Reviewer Portfolio

This year, Dr. Mohan Bansal has been assigned the role of **Associate Editor** — Machine Learning Research Journal, Science Publishing Group, and **Guest Editor** — Special Issue on Advanced Deep Learning for Audio & Speech Processing. Apart from this, he has been invited as a reviewer for:

IEEE Access

Biomedical Signal Processing

Int. J. Speech Technology

IET Signal Processing

Neurocomputing

Discover Networks

Engg. Apps of AI

Int. J. Computing & Digital Systems

Dr. Mukesh Mann

This year, Dr. Mukesh Mann has been invited as a reviewer for several prestigious scientific journals:

Scientific Reports

Int. J. Comp. Intelligence Systems

J. Supercomputing

Iran J. Computer Science

Physica Scripta

Int. J. Electronic Security

Flagship Events

HACKZILLA 2025

National-Level 24-Hour Intercollege Hackathon • 28-29 May 2025

Hackzilla 2025 was the flagship technical event of IIIT Sonapat — a national-level 24-hour hackathon that brought together the brightest engineering minds from IIITs and NITs across India. Organized under the mentorship of Director Prof. (Dr.) Manisha Sharma, this marathon coding challenge tested innovation, teamwork, and engineering excellence under extreme time pressure, in collaboration with DST Haryana on National Technology Day 2025.

Student Hackathon Victories

Students from the IT Department, in collaboration with CSE students, have made IIIT Sonapat proud at national-level hackathons across India.

🏆 FIRST PRIZE

Ratelifit — Hack The Winter

A causal inference-based problem practice platform that analyzes learning patterns and suggests practice problems to help users focus on conceptual gaps. Built at Graphic Era Hill University, Bhimtal.

👤 Rohan Tewari (12412031 – IT), Siddharth Sahai (12412036 – IT), Nayan Prakash (DSA)

🏆 BEST REVENUE MODEL

Elite Engineers — Hack The Winter

A full-stack platform to discover and evaluate top software engineers using real GitHub data, AI-powered compatibility scoring, and trust metrics. Built at GEHU Bhimtal.

👤 Poshika Bhatnagar (12312037 – IT), Aniket Rajak (12312013 – IT), Nitish K. Choubey (12312031 – IT), Swati (CSE)

🏆 ZERO TO DEPLOY

FlashSeat — Hack The Winter

A high-throughput ticket booking system designed to handle extreme flash-sale traffic using Redis-based distributed locking, async event processing, and idempotent payments. Built at GEHU Bhimtal.

👤 Kashish Nandwani (12312039 – IT), Shivansh Agrawal (12312003 – IT), Aditya Kumar (CSE), Lovish Singla (CSE)

🏆 3RD PLACE • ₹25,000

MindSight — Bit By Bit Hackathon

A digital mental wellness ecosystem with ML-based risk detection, emotional voice logging, therapist booking, and secure QR-based prescriptions. 36-hour flagship hackathon at IIIT Bhagalpur.

👤 Charan Y (12312043 – IT), Harshith Kanna (12312004 – IT), Ritheesh Reddy (CSE), Yuvan Sai Y (CSE), Varun K R (CSE), Supradeep Reddy (CSE)

IN SMART INDIA HACKATHON

Handheld Radio Set with Satellite Tracking

A multi-network communication and tracking device designed for the **Border Security Force (BSF)** under the **Ministry of Home Affairs**.

Combines VHF radio, GPS, satellite, and GSM for seamless communication in remote terrains.

Team: Harshith Kanna (12312004 – IT), Y Sri Charan (12312043 – IT), E Tarun Kumar (12312032 – IT), Yuwan Sai Y (CSE), Ritheesh Reddy (CSE), Sai Prathiksha D (12411027 – CSE)

"Alone we can do so little; together we can do so much."

— Helen Keller

Know an Indian IT Scientist Born in March

IN Prof. C. R. Rao (10 March 1920 – 22 August 2023)

Calyampudi Radhakrishna Rao was one of the greatest statisticians the world has ever known — and proudly, an Indian who shaped the mathematical foundations of modern information technology.

Born on **10 March 1920** in Hadagali, Karnataka, Prof. Rao's contributions include the **Cramér–Rao Bound** (fundamental to AI/ML), **Rao–Blackwell Theorem** (core to modern machine learning), and the **Score Test**. His work laid the groundwork for machine learning, neural networks, image processing, and information theory.

Over 75+ years, he authored 475+ papers and 14 books, received 38 honorary doctorates, the **Padma Vibhushan**, and the **International Prize in Statistics** (2023).

As we embark on our journey in IT, let us remember that the deepest innovations come from the strongest mathematical foundations.

Student Achievements (2025 – Till Date)

A Year of Extraordinary Student Excellence

Our IT students have demonstrated outstanding capability across hackathons, competitive programming, research, and internships during 2025 – till date.

Student Achievements by Level (2025 – Till Date)

IT Dept Achievements by Category (2025 – Till Date)
